CALL FOR APPLICATIONS

Accelerating sustainable energy investments at the local level

The European City Facility (EUCF) aims to support municipalities and local authorities in developing Investment Concepts related to the implementation of actions identified in their climate and energy action plans. The ultimate objective of the EUCF is to build a substantial pipeline of sustainable energy investment projects across municipalities in Europe.

Deadline
02/10/2020

Under this call, the EUCF will finance activities, such as (technical) feasibility studies, market analysis, stakeholder analysis, legal, economic and financial analysis, risk analysis, etc. that are required to develop the investment concept.

The grant cannot directly finance the actual investments, but it covers costs to mobilise resources and access services to develop an Investment Concept.

Eligible applicants: The EUCF call is open to all municipalities/local authorities and their groupings from the EU-27 and UK.
